Server Hardware Included 2	No	Optional	Yes
Server Software Included	No	Optional	Yes
Client Cost per User (one-time cost)	N/A	\$300	\$300
Installation Cost †	N/A	\$2,000	\$2,000
Software License Cost	\$1,999	\$1,999	\$4,999
Total Required (Minimum) Licensing	\$1,999	\$4,599	\$13,799
Annual License 3	\$1,999	\$999	\$2,499

Optional Services

Server Advanced	N/A	\$1,500	\$1,500
Annual Maintenance 4†	\$500	\$2,000	\$2,000
Training (Per Session) 5†		\$500	
Help Desk (10 Calls) 6		\$500	
Customization Services (No MSA) 7†		\$265/hr.	
MSA Level 1, 160 Hours Min. 7†		\$200/Hr.	
MSA Level 2, 320 Hours Min. 7†		\$165/hr.	

1. Oracle and SQL integration requires upgraded Server Advanced option. Additional drivers may be required.
 2. Server Hardware Included: Intel Xenon 2.8 GHz Quad Core, 2 GB RAM, RAID 5 3 x 80 GB SATA, OS X unlimited clients or equivalent Windows based server of similar specifications. Windows 2003 or 2008 Server and CALS may be required for an additional cost.

3. The software is licensed annually. To continue using your software you must pay an annual license fee on or before the expiration date of your license.

4. Annual maintenance includes database maintenance, free updates and upgrades, and server maintenance where appropriate. Upgrades may not apply to third party products and services.

5. Training is for up to 10 people for 1, 4 hour session.

6. Help desk includes email and phone support. It does not include custom programming or on-site services.

7. Master Service Agreement (MSA) is a pay-as-you-use service over a 1 year period. MSA includes Annual Maintenance and Help Desk. Any unused hours will be billed at the end of the service period.

† Costs will be billed at the time of installation and/or service.
